OFFICER'S REPORT

Brief Description:

Demolish conservatory and erect replacement pitched roof 1½ storey extension to the rear (east) elevation and install rooflights. The extension would be finished with rendered walls, uPVC fenestration and clay tiles.

Relevant History:

30/10/2013 – PREA/2013/3085 – Pre-application meeting regarding extend dwelling (options 1 and 2).

Existing Use(s):

Residential Use Class 1

Assessment: *(Tick as appropriate)*

no representation	☑	visual amenity acceptable	☑
accords with policy	☑	No material neighbour impact	☑
within curtilage	☑	Traffic not affected	☑
design acceptable	☑		

Conclusion/Brief comment:

The scale and design of the extension respects the form of the existing dwelling and would have no adverse effects on the character and amenity of the area.

The position of the cill heights is not shown consistently on the submitted plans (south elevation differs). Provided that the rooflights in the north and south elevations of the extension are installed with the cill height a minimum of 1.6m above floor level, by virtue of its set back from neighbouring boundaries and its relatively modest scale, the extension is unlikely to have any significant adverse effects on neighbouring amenity.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
