Conclusion/Brief comment:

The primary objective of the Rural Area Plan is the conservation and enhancement of the rural environment.

Policy RH6 operates a general presumption in favour of domestic extensions, alterations and other such householder development, unless material considerations indicate otherwise.

In this case the proposed extension would replicate exactly the dimensions and form of an existing conservatory, being constructed from the existing base walls, and would therefore have no greater impact on the amenity or character of the locality than exists at present. The application is therefore considered to wholly accord with the aims and objectives of Policy RH6.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
