OFFICER'S REPORT

Brief Description:

"Happy Days" is a detached bungalow located west of Old Mill Road, St. Martin and is situated within a Non-Designated Area as defined in the Rural Area Plan. The

dwelling is set above the road level. The rear of the site is enclosed by high level fencing along the south boundary and a rendered wall along the north boundary.

The applicant seeks planning permission to erect a single storey flat roof extension with a roof lantern to the rear (west) elevation. The proposed extension will incorporate high level windows on the north elevation, full fixed height windows on the west elevation and bi-folding doors on the south elevation.

Planning permission was approved in 2007 and 2008 to extend the dwelling to the rear by erecting a 1½ storey extension.

Conclusion/Brief comment:

With regard to the provisions of Policy RH6 'Extensions and alterations to dwellings', there is a general presumption in favour of householder development within the domestic curtilage of existing dwellings as householder development confined to the curtilage of the dwelling is unlikely to significantly adversely affect the primary objective of the Plan.

The building line of the residential properties to the west of Old Mill Road is staggered. The proposed extension is considered in keeping with the rear built form of the surrounding area. It is considered that an acceptable level of private amenity space remains.

With regards to visual amenity, the proposed rear extension will be glimpsed in obscured views from Old Mill Road however given the scale, design and finish of the extension, the proposal will not have a significant adverse effect on the visual quality

of the area to rebut the provision in favour of householder development (Policy RH6).

Due to the design of the extension coupled with the existing boundary treatment along the north and south boundary, the proposal will not have an adverse effect on neighbour amenity.

On this basis, the application is considered compliant with the relevant Rural Area Plan policies; it is therefore recommended that planning permission be granted, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
