OFFICER'S REPORT

Brief Description:

The application relates to the removal of the conservatory to the rear of Dracaena Cottage, Rue Des Buttes and the construction of a single-storey flat roof extension in its place utilising the same footprint.

The site is located in a Rural Conservation Area. The property is a pre-1900 dwelling.

Relevant History:

None.

Existing Use(s):

Residential.

Assessment:

no representation	✓	visual amenity acceptable	✓
accords with policy	✓	no material neighbour impact	✓
within curtilage	✓	traffic not affected	✓
design acceptable	✓		

Conclusion/Brief comment:

The existing lean-to conservatory extension is of no particular merit that would warrant its retention.

The proposed extension is set away from the north and site boundaries, screened from The Last Post to the north by a pitched roof extension to the rear of Dracaena Cottage. The extension is situated to the north of Pres de l'Auberge with a high blockwork wall and landscaping to the common boundary. It is concluded that the siting and flat roof design of the extension ensure it will not result in overshadowing or loss of light to the adjoining residential occupiers. Windows are proposed in the south elevation however this does not alter from the existing situation and

appropriate boundary treatments ensure that the extension will not result in overlooking and loss of privacy to the south.

The extension is situated to the rear of the property and will not result in harm to the visual amenities of the locality, with in a Rural Conservation Area.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
