OFFICER'S REPORT

Brief Description:

"Haut Regard" is a Protected Building located to the east of Route St. Clair, St. Sampson. The site is situated in a Main Centre Outer Area. The whole of the building together with the roadside wall and gate is protected.

Planning permission is sought to replace porch roof with solid roof to the rear of the property. The porch in question is comprised of a polycarbonate roof, Upvc windows, door and shiplap cladding to the side with rendered dwarf walls.

Conclusion/Brief comment:

Policy GP5 (Protected Buildings) states that "proposals to extend or alter a protected building will be supported where the development does not have an adverse effect on the special interest of the particular protected building or its setting or where the economic, social or other benefits of the development and, where appropriate, its contribution to enhancing the vitality of a Main Centre outweigh the presumption against adversely affecting that special interest".

The rear porch is of low special interest, therefore the removal of the existing polycarbonate roof and the replacement solid roof is acceptable. However, a finished sample of the roof material shall be submitted to and agreed in writing by the Authority prior to the commencement of works. The development will not adversely affect the special interest of the Protected Building or its setting. The application is considered compliant with Policy GP5.

The impact on visual amenity from the adjoining clos road (Hougue St. Clair) will be negligible.

With regard to Policy GP9 (Sustainable Development), it has been demonstrated that the proposed development will comply with Building (Guernsey) Regulations 2012 and therefore has taken into account the use of energy, resources and any adverse impact on the environment.

The application is compliant with the relevant Island Development Plan policies, it is therefore recommended that planning permission be granted, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
