OFFICER'S REPORT

Brief Description of the site:
The application site comprises a detached property set up approximately one storey above the road level with a detached garage at the road level.

The application proposes the demolition of a wall and rebuilding it to 89cm, including raising a section, located at the roadside edge of the raised garden area in front of the property, as such the proposed wall would have a total height of 348cm from the road. The proposed wall would be the same design and materials as the existing wall and the other walls on the site.

Relevant History:
PAPP/2001/1190 – Remove fencing, erect wall surmounting garage and apply smooth render to gable.
Approved – 12/06/01

FULL/2013/0941 – Erect timber balustrade along east side of garage.
Approved 24/05/13

Existing Use(s):
Residential Use Class 1: Dwelling House

Assessment: *(Tick as appropriate)*

no representation	✓	visual amenity acceptable	✓
accords with policy	✓	no material neighbour impact	✓
within curtilage	✓	traffic not affected	✓
design acceptable	✓		

Policies considered most relevant:
GP1: Landscape Character and Open Land
GP8: Design
GP13: Householder Development

Conclusion/Brief comment:
The wall is visible from the highway, however the wall is set back from the edge of the highway and behind the line of other features on the property. Coupled with the height of the wall in relation to the road, it is considered that the wall does not form a prominent feature within the streetscape. Since the proposed wall would match the design of the existing wall and the only physical alterations would be an approximately 20cm increase in height, it is considered that the proposal would have a negligible effect to the character of the area and appearance of the property.

The proposal would not result in any effects to the amenity of neighbouring properties due to the location of the wall in relation to the property boundaries.

On the above basis, it is considered that the proposal conforms to the objectives of all relevant policies, and therefore the application is recommended for approval.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
