Consultation

La Societe Guernesiaise – all types of hedges support nesting birds and other wildlife. It is requested that if approved the hedge is removed outside the main bird breeding season and that an informative note is placed on any planning permission granted. It is also requested that the replanted hedge is of a suitably native species rather than non-native stock to ensure that more biodiversity is supported over the long term.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
