OFFICER'S REPORT

Brief Description of the site:

The property known as 'Maison des Fleurs' is a 1970's semi-detached bungalow which faces west onto the Carlton Estate road. The land slopes away to the east and so the garden is at a lower level, there is a small lower level extension and a balcony at the rear of the property. The adjoining neighbour is to the south, with another neighbour to the north and to the east the rear garden backs onto another neighbour's rear garden.

The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to demolish the unconnected small rear extension and balcony on the east elevation and to erect a flat roof extension coming off the lounge to create a dining area and balcony and a connected lower level extension housing a snug. Plus resize the bathroom window on the front façade to 700mm.

The proposals achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation. The

alterations to fenestration will not affect the character of the area or neighbours amenity.

The scale and massing of the new extensions are not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will they have any impact on either of the immediate neighbours. Orientation prevents any overshadowing of the neighbours property and there are no windows on the south elevation. The balcony is now further to the north which helps to mitigate the extent of the overlooking into the garden.

Policy GP9, Sustainable Development, seeks to ensure all new development takes into account the use of energy and resources and any adverse impacts on the environment. There has been sufficient information provided with the application to comply with the requirements of this policy.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
