ADVICE AND OTHER REMARKS:-

Please be aware of the Supplementary Planning Guidance note: Strategy for Nature, 2020 which can be found at www.gov.gg/planningpolicy. In line with this guidance, The Development & Planning Authority would encourage you to consider enhancing the biodiversity of the application site, for instance through the planting of trees, introduction of animal habitats etc. You are advised to contact La Société Guernesiale for further information on the most appropriate method to maximise biodiversity of the land the subject of this application. La Société can be contacted on 07781 166924 or email societe@cwgsy.net.

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.
- (5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must

be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

OFFICER'S REPORT

Brief Description of the site:

The application site is located to the west of Route Du Camp Du Roi and is located Outside of the Centres as defined in the Island Development Plan.

Retrospective planning permission is sought to change the use of agricultural land to domestic garden (circa. 355sqm). A substantial glasshouse once stood on the area of land in question although has since been cleared from the site and is currently used as garden. Domestic structures, paraphernalia and plants exist on the land.

Policies considered most relevant:

OC5(B): Agriculture Outside of the Centres – Outside of the Agriculture Priority Areas

GP1: Landscape Character and Open Land

GP15: Creation and Extension of Curtilage

Conclusion/Brief comment:

Policy OC5 (B) (Agriculture Outside of the Centres – outside the Agriculture Priority Areas) states that *“Proposals for development which would result in the loss of an existing farmstead, agricultural buildings or land will be supported where the proposed new use accords with the other relevant policies of the Island Development Plan”*. Policies GP1 and GP15 are considered below.

The application site is not located within an Area of Biodiversity Importance or within an Agriculture Priority Area (APA) as defined in the Island Development Plan.

The application is not proposing to remove any established boundary treatments.

The area of agricultural land in question is relatively small. Due to the secluded nature of the land, together with well-established boundary treatments, the area of land does not contribute to a wider area of open land from a spatial analysis perspective or landscape character, for the purposes of Policy GP1 and GP15.

There would also be no requirement to restrict the exemption rights afforded to the householder to manage future development of the land.

The development proposed would not cause undue harm to the amenities of neighbouring residents due to the relationship to neighbouring properties.

In summary, the change of use alone would not have a detrimental impact to the landscape character and open land, and the proposal would not result in the unacceptable loss of any specific distinctive features that contribute to the wider landscape character and local distinctiveness of the area. The development is compliant with Policy GP1.

Given that the application was received prior to September 2021, no biodiversity enhancement scheme is required in order to address the Strategy for Nature (2020) Supplementary Planning Guidance. It is recommended that an informative be attached to any decision to encourage further consideration towards biodiversity enhancements.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

On this basis, the application is compliant with the relevant Island Development Plan policies, it is therefore recommended that planning permission be granted, subject to conditions.
