OFFICER'S REPORT

Brief Description of the site:

The property known as 'Family Tree Nursery' is a single storey commercial building, which is used as a children's day care centre. The property is situated in a small commercial and leisure area south of Rohais road, behind the Doghouse pub. The building faces east and has 9 car parking spaces alongside this elevation. The pub carpark is to the north and other commercial buildings and a sports hall are to the south, east and west.

Policies considered most relevant:

GP8: Design

IP7: Private and Communal Car Parking

Conclusion/Brief comment:

This application is to erect a section of fencing to the front (east) of the building to create an outdoor play area. This would impact on the size of two parking spaces at the site but would not render them unusable and as such does not result in conflict with the aims of Policy IP7.

An area associated with the nursery is already fenced as is part of the adjoining site, The Doghouse pub. The proposed fencing will not be highly visible from outside the site and is not considered to be out of keeping in the locality. The proposed new fencing will not have a detrimental effect on the character and amenity of the surrounding area, nor will it have any impact on any of the immediate neighbours. The scheme therefore meets the aims of Policy GP8 of the Island Development Plan.

Due to the nature and type of development, it is not considered necessary for the applicant to demonstrate that the proposal has been designed to take into account the criteria of Policy GP9 (Sustainable Development).

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
