OFFICER'S REPORT

Brief Description of the site:

The property known as 'Auberge' is a 1970's bungalow, which is set back from and faces southeast onto Landes du Marche. There are neighbouring properties in all directions, but Auberge has high granite boundary walls surrounding the plot to protect its amenity space.

The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a summer house to the southwest boundary.

The proposed summer house, although sited forward of the building line that faces the highway, the high granite boundary wall will screen the summer house. It will not be able to be seen from any public vantage points, has a low profile and is of a size which suits the size of the plot. It is not considered to impact on the character of the area, and nor will it have any detrimental effects on the neighbours' amenity.

Due to the nature and type of development, it is not considered necessary for the applicant to demonstrate that the proposal has been designed to take into account the criteria of Policy GP9 (Sustainable Development).

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
