OFFICER'S REPORT

Brief Description of the site:

Planning permission is requested to erect a single storey extension measuring approximately 17sqm to the west (front) elevation of a domestic outbuilding.

The site consists of a detached dwelling situated on a large plot to the south of Rue Robin. The site is within the Bordeaux Conservation Area and is Outside of the Centres. The site is bounded to the east and south by an Area of Biodiversity Importance.

Relevant History:

17/10/2003 – PAPP/2003/3672 – Permission granted to demolish existing and erect replacement domestic glasshouse (retrospective).

06/08/2003 – Island Development Committee letter confirming the entire site is recognised as domestic curtilage.

Existing Use(s):

Residential use class 1

GP13: Householder development

Conclusion/Brief comment:

The existing outbuilding and proposed extension do not achieve a high standard of design. However, the outbuilding is situated at the end of the rear garden, set back approximately 80 metres from the highway, and it does not form a prominent feature in public views. By virtue of the siting of the outbuilding and the modest single storey nature of the extension, the proposal would have no adverse effects on the character and appearance of the Conservation Area.

No change of use is proposed and provided that the extended outbuilding remains in use as a domestic outbuilding ancillary to the dwelling, the proposal is unlikely to have any adverse effects on the amenities of neighbouring residents.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

It is recommended that the application is approved.
