OFFICER'S REPORT

Brief Description of the site:

The application site comprises a detached 1 ½ storey dwelling and former vinery site, located Outside of the Centres and within an Agriculture Priority Area (APA) under the Island Development Plan (IDP).

The existing dwelling is set back from and above the level of Rue Des Pres, and positioned centrally within its plot. There are neighbouring dwellings to the east and west.

This application proposes to extend and alter the existing dwelling with a flat roof extension and Juliet balcony to the rear.

As initially submitted the application also included the change of use of an area of agricultural land to form part of the property's domestic garden, however following deferral and the identification of a number of policy issues in relation to this element of the proposal, the change of use has been withdrawn from this application.
