OFFICER'S REPORT

Brief Description of the site:

The property known as 'Les Emeraudes' is an early 20th century semi-detached 2 storey dwelling which is set back from and faces north onto Maraitaine Road. The other semi is attached to the west and there is a detached neighbour to the east, open land to the north across the road and Rue de L'Essart to the south.

The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to demolish a section of roadside boundary wall to create vehicular access.

The front boundary wall for both of the semi-detached buildings has remained in place since the buildings were constructed, at the beginning of the last century, and they contribute to the character of the area. The property is located Outside of the Centres, where the IDP allows for a higher degree of flexibility and personal choice. The demolition of a section of wall will not result in unacceptable harm to the character and appearance of the locality and is considered appropriate in this instance.

Rue Maritaine is designated as a Local Circulation Route in the Road Traffic Hierarchy Traffic Management document, which comprise main roads that have lower traffic flows than the Traffic Priority Routes. There is good visibility in both directions and although the on-site area is tight, there is the potential to turn around and leave the site in a forward gear. The proposals are considered to comply with policy IP9.

The proposals are not considered to have any detrimental impacts on the character of the area, nor will they affect neighbours amenity.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
