

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Demolish outbuilding, erect plant room and patio area and install air source heat pump (Protected Building)

LOCATION: Les Blicqs Farm, Route Des Blicqs, St. Andrew.

APPLICANT: Mr & Mrs Graham

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 20/01/2022

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 22/11/2021 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Jason Hobbs Architectural Services Ltd: 6209/A/2

Application Ref: FULL/2021/2420

Property Ref: K004920000

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3.The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4.Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014

Reason - To protect the amenity of nearby neighbours

Expiry Date: This permission will cease to have effect on 19/01/2025 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Your attention is drawn to The Animal Welfare (Guernsey) Ordinance, 2012 and the need to comply with its provisions. The building is located in an area where bats and other wildlife may be roosting and measures may therefore need to be taken (including consideration of the timing of the works) to ensure that any protected species present are not impacted by the works. It is recommended that you contact La Société Guernesiaise for advice or to arrange a site visit. La Société can be contacted on 07781 166924 or email societe@cwgsy.net .

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

(1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to

the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

OFFICER'S REPORT

Brief Description of the site:

The property known as 'Le Blicqs Farm' is a large detached Protected Building with four outbuildings. The dwelling is set back from and faces south onto Les Blicqs, with the driveway to the east of the house from Les Blicqs. The land rises from the west to the east. The west boundary is bound by Route des Blicqs, to the north and east is open agricultural priority area fields and to the south across the road is another detached neighbour. The property is located Outside of the Centres and is within a Conservation Area as defined in the Island Development Plan.

Consultations:

Environmental Health Officer commented;
I have reviewed the proposed plans for the creation of a swimming pool at the above property, which includes the installation of an air source heat pump.

This office does not have any objections to raise in relation to the application made, however we would recommend the following condition should be attached to a planning consent:

- *Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014.*

I would be grateful if this condition is considered during the determination of this application.

Conclusion/Brief comment:

This application is to demolish one of the outbuildings (not protected), erect a small plant room and patio area and install an air source heat pump.

The position of the swimming pool (exempt development), patio and plant room are all within 30m of the property, located in an area which is slightly lower than the existing patio to the rear of the dwelling, hence the set of steps down to the pool area.

Environmental Health were consulted about the air source heat pump, and they have requested a condition be added should the application be approved.

The proposals are not considered to impact on the special quality of the character and appearance of the conservation area, nor will they have any detrimental effects on the special interest or setting of the protected building. There will also be no impacts on neighbour amenity.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
