**Conclusion/Brief comment:**

This application is to remove a section of Leylandi hedge which is located along the west end of the south elevation in the front garden of the property. The boundary is with the rear garden of the southern neighbour.

The Leylandi hedge is old, over 3m high and does not contribute to the character of the surrounding area or to biodiversity. The applicant would like to replace the hedge with a new more manageable hedge, of a native species which would improve biodiversity and help to soften the street scene.

Due to the nature and type of development, it is not considered necessary for the applicant to demonstrate that the proposal has been designed to take into account the criteria of Policy GP9 (Sustainable Development).

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

**Recommendation:**

Grant with Conditions
