OFFICER'S REPORT

Brief Description of the site:

The site is located within the St Peter Port Main Centre Outer Area as defined in the Island Development Plan. The site is bound by La Couture to the west (which is also the boundary of the adjacent Conservation Area), Pres du Ruisseau to the north, Clos des Chenes to the east and a pedestrian path and neighbouring detached dwelling to the south. At present three attached dwellings are being constructed in the centre of the site with vehicular access from La Couture, to the north of the west boundary. The property is located in the St Peter Port Main Centre Outer Area as defined in the Island Development Plan.

Relevant History:

FULL/2021/0835 – Demolish existing dwelling and erect 3 dwellings with alteration to vehicular access, associated parking and landscaping – Approved June 2021.

Existing Use(s):

Residential use class 1: dwelling house.

Conclusion/Brief comment:

This is a part retrospective application to make some alterations to the roadside wall and remove a section of hedge to create a pedestrian footpath.

The west roadside boundary of the site previously comprised a low ivy covered wall with hedge and the vehicular opening at the northern end. The vehicular opening will remain at the north end of the west boundary, whilst 6.4m of the southern end of the boundary will be set back eastward by 1.2m, to allow a new pedestrian

footpath to continue down the east side of the road to link up with an existing pedestrian crossing guiding pedestrians to the west side of the road. This leaves approximately 8m of roadside boundary wall in place.

The proposals aim to improve highway safety and particularly the pedestrian environment.

The proposals have been well designed and will not impact on the character of the area, nor will they have any impacts on the amenity of the neighbouring properties.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Recommendation:
