Conclusion/Brief comment:

This application is to remove a section of hedge and widen the existing vehicular access by 1m.

Photos from 2007 show that the northwest boundary hedge is made up of two hedges, this application is to remove approx. 7.5m of the inner hedge, giving more room to manoeuvre on site. The outer boundary hedge, seen by the public, will only have 1m removed.

The existing vehicular opening is 5.5m, Le Coutillet is a narrow road. There are several vehicular accesses along the road which are over 6m. Therefore the proposed widening of Coromandel's access by 1m is considered acceptable in the street and due to the narrow road.

The proposals are not considered to have any detrimental impacts on the character and appearance of the surrounding area, nor will they effect any neighbour's amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
