OFFICER'S REPORT

Brief Description of the site:

The application site is situated behind the roadside properties along Vazon Road, almost opposite the Richmond Kiosk. The site is situated Outside of the Centres as designated in the Island Development Plan

The property is lawfully regarded as a dwelling-house given that the works undertaken to the building are up to the stage of being 'wind and watertight'.

Planning permission is sought to erect a single storey flat roof extension to the south (rear) elevation.

Concerns were raised in relation to the mass and bulk of the proposed extension and its relationship and disproportionality to the main house.

The agent has reduced the size of the extension in attempt to overcome the concerns raised. The extension will serve as a dining room, lounge and study/bedroom.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

In light of the amendments secured, the proposal adopts a good standard of design by virtue of its scale, form, massing, siting and materials and relates well to the dwelling. Due to its position and design, the proposal will not have a detrimental impact on the character of the area, visual amenity, or the amenities of neighbouring residents.

Sufficient information has been submitted that has taken into account the criteria of Policy GP9 (Sustainable Development).

Based on the above, the application is considered compliant with the relevant Island Development Plan policies; it is therefore recommended that planning permission be granted, subject to conditions.
