Brief Description of the site:

The property known as 'Shiloe Cottage' is a 1970's detached two storey dwelling which is set back from and faces east onto Collings Road. There are neighbouring properties to the north and south and across the road to the east. To the west is the car park for Waitrose supermarket. The property has a 1.65m high granite wall as the front boundary with a limited 2.88m vehicular entrance. The property is located in the St Peter Port Main Centre Outer Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to widen the existing vehicular access by removing a 1.5m section of the front boundary wall.

At present the 15.5m front boundary is split as follows, there is a 6.8m section of wall, a 2.9m entrance and a 5.8m section of wall. The proposals will provide a 5.3m section of wall, a wider 4.4m entrance and the 5.6m section of wall, which would centralise the opening, without removing too much of the wall.

Boundary walls are considered an important part of an areas character, but by only removing 1.5m, the remaining wall would still contribute to the overall character of the area.

The property has the ability for vehicles to turn around on site and so the widening of the entrance can only improve the highway safety issues by increasing existing sight lines.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
