Conclusion/Brief comment:

The proposed extensions and alterations to the outbuilding have been designed to be in keeping with the existing building, represent a good standard of design and will respect the local built environment.

The outbuilding is situated adjacent to Rue Du Pont and will be visible from outside the site however the works to restore the building will preserve the character and appearance of the locality. The works will not result in overshadowing or loss of light to the occupiers of any surrounding dwelling and nor will it result in overlooking or loss of privacy to neighbouring occupiers.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

In view of the above it is recommended planning permission is granted for the proposed development.
