OFFICER'S REPORT

Brief Description of the site:

The application site, known as 'Home View' comprises a detached dwelling, located to the west of Croute Becrel, Vale. The property is recognised as a protected building. The listing of the property only encompasses the original part of the house and the roadside wall.

The dwelling is located within a Conservation Area and is situated Outside of the Centres as defined in the Island Development Plan.

Planning permission was granted in 2021 to demolish an extension and erect a 1.5 storey detached garage/office with an external staircase to the south boundary, and to erect a pitched roof extension to the west (rear) elevation.

Planning permission is now sought to vary the permission to include a flue to serve the garage/office. All other alterations including raising the ridge height of the garage have been assessed and agreed as minor amendments to the approved scheme and therefore fall outside of the assessment of this application.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The incorporation of the flue is not considered to detract from the special interest of the protected building, character and appearance of the Conservation Area, or visual amenity of the locality.

The proposal is not considered to have a significant detrimental effect on the amenities of neighbouring residents.

Sufficient information has been submitted that has taken into account the criteria of Policy GP9 (Sustainable Development).

Based on the above, the application is considered compliant with the relevant Island Development Plan policies; it is therefore recommended that planning permission be granted, subject to conditions.
