Conclusion/Brief comment:

The proposed works would have a low negative effect on the overall special interest, which would be outweighed by the reasonable aspirations of the property owner to address the issue of rising damp and restore the historic fireplace. I therefore consider the application complies with GP5.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
