OFFICER'S REPORT

Brief Description of the site:

The property known as 'Le Lac' is an attached two storey 1970's dwelling which is set back from and faces southeast onto an access road off Les Tracheries Estate. The attached dwellings are to the northeast and southwest and other neighbouring properties are to the northwest and across the road to the southeast. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to create a parking area and erect a fence around it to the southeast front boundary of the site.

The row of 5 houses are set far back on their plots, which gives them small rear yards, with much larger front gardens, the neighbour to the west has completely paved the front garden space and the three properties to the east have manicured lawns surrounded with hedges.

Presently Le Lac is the only property that does not have any off street parking. The proposals locate approx. 1.5m fences either side of the property and along the south boundary, allowing for a single car parking space in the southeast corner. The

property is located towards the rear of the estate, adjacent to a turning head and where the adjacent properties are enclosed by hard features.

Although at the front of the property, the fence is not considered too high and does not create a barricade effect, because the other properties to the east all have enclosed gardens too. The introduction of fencing in this discrete location on the estate would not have a significant visual impact.

The proposals are not considered to impact on the highway or on highway safety and so policy IP9 is complied with.

Due to the nature and type of development, it is not considered necessary for the applicant to demonstrate that the proposal has been designed to take into account the criteria of Policy GP9 (Sustainable Development).

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
