OFFICER'S REPORT

Brief Description of the site:

The property known as 'Tremblant' is a 1980's one and a half storey dwelling which is one of seven properties around Changi Clos. The dwelling is set back from and faces northeast onto the clos access road, there are neighbouring properties to the northwest, southeast and across the access road to the northeast and north. To the southwest is a large garden and Route du Coudre runs along the south boundary, at a slightly higher level than the garden.

The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a 3m x 5m timber shed in the southwest corner of the garden, 2m away from the boundaries.

The property already has a domestic greenhouse and two small sheds within the back garden however, the garden is large. The proposed shed would be situated close to the vegetable garden, away from the other structures.

Although the proposed shed would be seen from the road, Route du Coudre, it would not be conspicuous and would read as a domestic structure within a domestic

garden/curtilage. The outbuilding will not have a detrimental impact on the amenities of surrounding residents.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
