

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Demolish existing buildings and hardstanding.

LOCATION: Les Ozouets Campus, Les Ozouets Road, St. Peter Port.

APPLICANT: Education Sport & Culture

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 20/04/2022

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 01/03/2022 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Design Engine: 2022-P01-0010 P01, 2022-P01-0020 P01, 2022-P01-0030 P01, 2022-P-0100 P00, 2022-P01-1005 P01, 2022-P01-1006 P01

Application Ref: FULL/2022/0541

Property Ref: A210020001

Conditions and reasons:-

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4. The existing trees within the site shall be retained and shall not be felled, lopped, topped or uprooted without the previous written agreement of the Authority.

Reason - The trees are important features in the area and this condition is imposed to make sure that they are properly protected while works take place on the site.

5. No development, including site works, shall begin on site until the existing trees have been protected, in a manner previously agreed in writing by the Authority. Each tree shall be protected in the agreed manner for the duration of operations on the application site. Within the areas agreed to be protected, the existing ground level shall be neither raised nor lowered, and no materials or temporary building or surplus soil of any kind shall be placed or stored thereon. If any trenches for services are required in the protected areas, they shall be excavated and back-filled by hand and any tree roots encountered with a diameter of 5cm or more shall be left unsevered.

Reason - The trees are important features in the area and this condition is imposed to make sure that they are properly protected while works take place on the site.

6. The development hereby permitted shall be carried out in accordance with the Site Waste Management Plan submitted as part of this application, and no part of the development shall be occupied or brought into use until there has been submitted to the Authority a report providing verification that the development has been carried out fully in accordance with the agreed Site Waste Management Plan. Where there has been any variation from the Site Waste Management Plan as originally submitted, the report shall highlight and detail the reasons for this.

Reason: To ensure that the development is managed to minimise waste during the demolition of any existing buildings or structures or during construction, that existing

materials are reused, recycled or disposed of either on or off site, and that residual waste will be dealt with appropriately, in accordance with the aims and objectives of Policy GP9.

Expiry Date: This permission will cease to have effect on 19/04/2025 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.
- (5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must

be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

A J ROWLES

Director of Planning
Planning Service

PLANNING APPLICATION REPORT

Application No: FULL/2022/0541
Property Ref: A210020001
Valid date: 01/03/2022
Location: Les Ozouets Campus Les Ozouets Road St. Peter Port
Guernsey
Proposal: Demolish existing buildings and hardstanding.
Applicant: Education Sport & Culture

RECOMMENDATION - Grant: Planning Permission with Conditions:

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4. The existing trees within the site shall be retained and shall not be felled, lopped, topped or uprooted without the previous written agreement of the Authority.

Reason - The trees are important features in the area and this condition is imposed to make sure that they are properly protected while works take place on the site.

5. No development, including site works, shall begin on site until the existing trees have been protected, in a manner previously agreed in writing by the Authority. Each tree shall be protected in the agreed manner for the duration of operations on the application site. Within the areas agreed to be protected, the existing ground level shall be neither raised nor lowered, and no materials or temporary building or surplus soil of any kind shall be placed or stored thereon. If any trenches for services are required in the protected areas, they shall be excavated and back-filled by hand and any tree roots encountered with a diameter of 5cm or more shall be left unsevered.

Reason - The trees are important features in the area and this condition is imposed to make sure that they are properly protected while works take place on the site.

6. The development hereby permitted shall be carried out in accordance with the Site Waste Management Plan submitted as part of this application, and no part of the development shall be occupied or brought into use until there has been submitted to the Authority a report providing verification that the development has been carried out fully in accordance with the agreed Site Waste Management Plan. Where there has been any variation from the Site Waste Management Plan as originally submitted, the report shall highlight and detail the reasons for this.

Reason: To ensure that the development is managed to minimise waste during the demolition of any existing buildings or structures or during construction, that existing materials are reused, recycled or disposed of either on or off site, and that residual waste will be dealt with appropriately, in accordance with the aims and objectives of Policy GP9.

OFFICER'S REPORT

Brief Description of the site:

The application relates to the Les Ozouets Campus on Les Ozouets Road which is situated Outside of the Centres and subject of no other designation in the Island Development Plan (IDP).

Relevant History:

FULL/2022/0391 - Redevelopment of Les Ozouets Campus to provide Campus for Guernsey Institute and Sixth Form College including new buildings, car parking and landscaping – application pending.

Existing Use(s):

Educational establishment – Public Amenity use class 19

Assessment: *(Tick as appropriate)*

no representation	☒
accords with policy	☒
within curtilage	☒
design acceptable	☒

visual amenity acceptable	☒
no material neighbour impact	☒
traffic not affected	☒

Policies considered most relevant:

IDP Policies -

OC2: Social and Community Facilities Outside of the Centres

GP8: Design

GP9: Sustainable development

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The proposal is to demolish the existing two storey main building and swimming pool area and the hardstanding to the north of the main building as part of the delivery of the States' approved redevelopment of the Guernsey Institute Campus at Les Ozouets. The Princess Royal Centre for Performing Arts and adjoining car park and roadway areas would be retained.

The application includes the following:

- Ecological Assessment report
- Tree condition survey and arboricultural report
- Detailed impact assessment report for Sweet Chestnut tree
- Construction Environment Management Plan (CEMP) report for demolition works
- Site waste management plan

Details of the proposed redevelopment of the site are to be considered under pending application FULL/2022/0391. The current proposals for demolition would not prejudice or otherwise affect the consideration of that application on its merits.

There would be no change of use from social and community use to another use as a result of this application and the proposal would not conflict with Policy OC2.

The application is acceptable in relation to the above policies and other material planning considerations.

Recommendation:
Grant with Conditions
