OFFICER'S REPORT

Brief Description of the site:

The site is situated Outside of the Centres as defined in the Island Development Plan.

Application FULL/2018/1277 was granted planning permission in 2018 to erect a 1½ storey pitched roof extension with a glazed gable and balcony to the side (west) of the dwelling.

The permission has since lapsed and therefore a new application is submitted to renew the permission. The proposal has remained unchanged as confirmed in the agent's letter of 3rd March 2022.

Conclusion/Brief comment:

Given that there has been no material change in circumstances since the former permission was approved and that the proposal is identical to that approved in 2018, there is no reason why a different outcome could be justified.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Based on the above, the application is considered compliant with the relevant Island Development Plan policies; it is therefore recommended that planning permission be granted, subject to conditions.
