OFFICER'S REPORT

Brief Description of the site:

The property known as 'The Helmsman' is a pre-1900's three storey town house, which faces northwest onto Cornet Street. To the northeast is an adjoining dwelling and to the southwest, set back from the road is a commercial building, which is attached to the southwest elevation of The Helmsman, there is another attached building to the southeast.

The property is located within the St Peter Port Main Centre, Archaeological Area and within the Town Conservation Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to insert a first floor window in the northeast elevation of The Helmsman. The window would be installed to the southern end of the building and would look directly into the property's own courtyard.

At present the surrounding taller buildings already overlook The Helmsman's courtyard, so although the addition of the proposed window would create some

overlooking. The neighbouring property to the east has a small courtyard adjacent to The Helmsman's courtyard and so there would be an element of overlooking into the neighbouring yard. However, as the party wall between the two courtyards is very tall and the window is at first floor level any views would be oblique and would not have an unacceptable adverse impact on residential amenity. The impact of the proposed window is not considered to be so detrimental that the application should be refused.

The proposed alteration is not considered to alter the special character of the surrounding conservation area.

As the window is positioned to the rear and the settings of the nearby protected buildings are preserved.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
