- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Conclusion/Brief comment:

This application is to erect a single storey flat roof outbuilding/annexe to the southwest boundary of the garden.

The proposals achieve a good standard of design, using materials which complement the surrounding area. The outbuilding will provide adequate levels of sunshine and daylight, and give the home owners more flexible and adaptable accommodation.

The scale and massing of the new outbuilding is not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will it have any impacts on either of the immediate neighbours.

The outbuilding will have multiple uses, mainly as a home gym, craft room/home office with a shower room and basic kitchenette to allow for refreshments to be prepared. The outbuilding will also serve as occasional guest accommodation and remain ancillary to the main dwelling.

Just on the other side of the southeast corner of the property is the first of a line of Protected Trees, Evergreen Oaks, belonging to the La Manche Estate. The closest tree demands a 4.2m protected area around the trunk of the tree to ensure the roots are protected. However the proposed outbuilding is located in the southwest corner of the garden some 7m away from the protected tree. Together with the change in ground levels between the protected tree and the application site, the proposal is unlikely to have an adverse effect on the health of the tree.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
