OFFICER'S REPORT

Brief Description of the site:

The application relates to the installation of play equipment on the playing field to the west of the school. Specifically, a “traversing forest” along the south boundary, adjacent to Maurepas Road, and a “Calypso” in the north-west corner.

The site is located in the Main Centre Outer Area and a Conservation Area as designated in the Island Development Plan.

Conclusion/Brief comment:

The new play equipment is well designed and will be located adjacent to some existing play equipment along the middle of the south boundary, which is adjacent to Maurepas Road and the northwest corner of the playing field, to the west of the site. This is adjacent to an access road for new housing.

To the south of Maurepas Road is a clos made up of 5 large detached dwellings, but they are all set behind a very tall granite wall which forms the north boundary wall, it is approx. 3m high.

Due to the hedge running along the inside of the south boundary of the school, the play equipment cannot easily be seen from many public vantage points and

therefore the special character and appearance of the surrounding conservation area will be preserved.

The west boundary of the playing field has been planted with a new hedge, but it will take a while to become the buffer it is intended to be. However, the housing is in excess of 8m away (to the west of the play equipment) and as there is already some playing equipment in the area, the new apparatus is unlikely to have a significant additional adverse impact on neighbour amenity.

The play equipment along the western boundary is set away from the main road and not easily visible and it is positioned close to modern housing, therefore the special character and appearance of the surrounding conservation area will be preserved.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
