OFFICER'S REPORT

Site Description:

The application site comprises a detached dwelling located in Les Escaliers Pointues clos, St. Martin. The site forms part of the entrance of the clos.

The application site is located Outside of the Centres as defined in the Island Development Plan.

Relevant History:

FULL/2022/0662	Erect animal enclosure to south (side) elevation (retrospective).	Granted
----------------	---	---------

Existing Use(s):

Residential

Brief Description of Development:

Retrospective permission is sought to install a timber shed to the north (side) of the property.

Relevant Policies of any Plan, Subject Plan or Local Planning Brief:

GP8 Design
GP9 Sustainable Development
GP13 Householder Development

Representations:

The Authority has received a letter of representation from one party objecting to the proposal. Grounds for objection principally relate to the following issues:-

- Intrusive and unsightly effect on the clos.
- Title deeds prohibit erecting fencing and sheds on the clos.

Consultations:

None generated.

Summary of Issues:

Visual impact of the development.

Assessment against:

- 1 - Purposes of the law.
- 2 - Relevant policies of any Plan, Subject Plan or Local Planning Brief.
- 3 - General material considerations set out in the General Provisions Ordinance.
- 4 - Additional considerations (for protected trees, monuments, buildings and/or SSS's).

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The proposed shed adopts a satisfactory standard of design by virtue of its limited size, being positioned in close proximity to the side (north) of the property, and located behind boundary hedging which wraps around the property. Consequently, the proposal would have no effect when viewed from La Rue Des Escaliers and would not cause undue harm on the character or appearance of the clos to rebut the general support in favour of householder development.

Neighbour amenity is not affected.

In response to the letter of representation, any planning permission that might be granted would be without prejudice to the normal legal rights and privileges of third parties.

Sufficient information has been submitted that has taken into account the criteria of Policy GP9 (Sustainable Development).

Based on the above, the application is considered compliant with the relevant Island Development Plan policies; it is therefore recommended that planning permission be granted, subject to conditions.
