OFFICER'S REPORT

Brief Description of the site:

The property known as 'Courtil De Paradis' is pre-1900's one and a half storey building housing three flats. The south and west walls of the building make the site boundary and the small amount of land to the north and east is gravelled and used for car parking. The vehicular entrance is from the east along a track which serves the flats and two other properties. The property is located in the St Peter Port Main Centre and is within the town Conservation Area as defined in the Island Development Plan. There are Protected Buildings to the west and south.

GP5: Protected Buildings (Setting)
GP8: Design
GP9: Sustainable Development
GP13: Householder Development

Conclusion/Brief comment:

This application is to erect fencing to the east and north boundaries to give each flat its own private amenity space.

The property is located 50m to the west of Doyle Road, behind the roadside development, so there are only fleeting glimpses of the property from the main road. Due to this the proposals of 1.8m fencing and gates at the front of the property are considered to be acceptable.

The proposals are not thought to have any detrimental impacts on the setting of the neighbouring protected buildings, or on the special character or appearance of the surrounding conservation area, nor are they considered to impact any neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Recommendation:
