Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

Conclusion/Brief comment:

This application is to remove the roadside hedge and the hedge adjacent to the driveway. The proposal is to re-plant a new hedge along the roadside boundary and erect a 1.5m high fence adjacent to the driveway, which would match the fence which runs along the east boundary (belonging to the neighbours).

Initially the application proposed to increase the vehicular opening by 1m from 6.1m to over 7m. The application was deferred to raise concerns about the width of the proposed access and its impact on the character and appearance of the area. The application has subsequently been amended and it is no longer proposed to increase the width of the vehicular access.

The existing hedge adjacent to the drive is approx. 1m wide, so replacing the hedge with the fence will not alter the size of the front garden, and allow the width of the drive to increase by 1m, allowing two cars to park side by side. The fence would match the eastern boundary fence, the proposals are not thought to alter the character of the area, nor will they impact neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
