### Conclusion/Brief comment:

This application is to extend an existing 1.1m to 1.3m high granite wall which runs part way along the north boundary, the proposal is to extend it along the whole of the north boundary with a granite wall at a height of 1.5m.

The existing section of granite wall is mirrored across the access road as the boundary wall for the two properties the access road serves. Extending the wall in this location would improve the setting of the neighbouring properties, enhancing the character of the area.

The proposals would not impact on any neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

**Recommendation:**

Grant with Conditions
