OFFICER'S REPORT

Brief Description of the site:

The property known as 'Santi Villa' is actually two dwellings which are attached, with another attached to the west. The dwellings are set back from and face south onto La Rue Maze. To the east is an access road leading to two modern detached dwellings to the north. The rear garden of Santi Villa is bound by a hedge along the east and north boundaries. The property is located within the St Martin Local Centre as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to remove the hedge which separates the garden from the access road to the rear of the property and erect a 1.8m fence which matches the neighbours fence to the north.

The hedge is considered to be in poor condition and therefore not worth retaining. Given the urban nature of this area, replacement with hard landscaping would not have any adverse impacts.

The proposals are considered to complement the existing hard landscaping in the direct area. The garden is screened from the wider area by the surrounding development and the proposals are not considered to have any detrimental impacts

on the character and appearance of the surrounding area, nor will they impact on neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
