## OFFICER'S REPORT

### Brief Description of the site:

The property known as 'Arran Lodge' is one of nine two storey dwellings which are built around Rue de la Sonnerie. Arran Lodge faces southwest with the access road running along the southeast and vehicular access to the south. Along the northwest boundary runs Route de Lihou at a much lower level, with a high granite retaining wall as the boundary. There are neighbouring properties to the southwest and south across the road, at the same level, and to the northeast at a higher level. ### Conclusion/Brief comment:

This application is to erect a single storey pitched roof extension to the northwest and northeast elevations to extend the kitchen/diner.

Due to the orientation of the dwelling the extension will essentially be at the rear of the property, as the closest neighbour (northeast) is at a higher level there are no concerns about overlooking or overshadowing. Route de Lihou to the northwest is at a lower level so there will be no views of the property from the road.

The proposals achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new extension is not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will it have any impact on either of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Grant with Conditions
