Conclusion/Brief comment:

During the course of consideration the application was deferred due to concerns about the impact of the proposal on the privacy of the neighbouring property. Revised plans have been received which propose to increase the height of a section

of the boundary wall which adjoins the terrace by 0.6m to a height of 1.7m above the terrace. The revised proposal satisfactorily addresses the concerns raised and would have no significant adverse effects on the amenities of neighbouring residents.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
