OFFICER'S REPORT

Brief Description of the site:

The property known as 'Oak Lodge' is a two and a half storey early 20th century detached dwelling, which is set far back from and faces north onto La Route de Farras. There are neighbouring detached properties to the east, west and across the road to the north and one pair of semi-detached properties to the south. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to alter the existing driveway and add a gate across the existing west entrance, create a pull in area with new gateway, sliding gate and pillars to the east entrance. The scheme also relates to the removal of hedges and the erection 2.1m fencing and a gate around the east and south boundaries to the rear of the property which is retrospective.

The proposed location for the pull in gate is 6m onto the property to enable cars to pull off the highway whilst waiting for the gate to open. Locating the pillars and gate in this position prevents there being any highway safety issues and therefore the proposals are considered to comply with IP9.

The gate design is a modern and appropriate for both the driveway entrances. The proposed gates will not affect the character of the local area nor will they affect the neighbours' amenity.

The hedge removal although retrospective is considered acceptable as there is still a large amount of natural boundary treatments to the west, north and northeast. The fencing is only just above 2m (which would have been exempt) and is considered appropriate in the locations proposed, especially to create privacy between the application property and the two semis to the rear.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
