There are neighbouring properties to the east and west and across the road to the north, and to the south is a housing allocation area. The property is located in the St Sampson Main Centre Outer Area as defined in the Island Development Plan.

Policies considered most relevant:

GP1: Landscape Character and Open Land
GP8: Design
GP13: Householder Development
IP7: Private and Communal Parking
IP9: Highway Safety, Accessibility and Capacity.

Conclusion/Brief comment:

This application is to remove the hedge in the front garden and demolish a section of front boundary wall to widen the vehicular access from 2.4m to 4m and relocate the granite pillar.

The roadside boundary is approximately 16m long with a small vehicular opening in the northeast corner and a central pedestrian opening in line with the front door. A 2.4m vehicular opening is considered to be very small for modern vehicles.

Even with a 4m vehicular opening there will still be three quarters of the roadside boundary left (apart from the pedestrian gate), which is considered appropriate. The proposals are not considered to have any detrimental impacts on the character of the area, nor will they affect neighbour amenity.

Widening the opening will improve highway safety and so the proposals are considered to comply with IP7 & IP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
