Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Replacement of the windows as proposed meets GP5 and CN11, subject to a condition requiring agreement of large-scale drawings prior to removal.

For the avoidance of doubt, permission is not granted for the replacement of the existing external doors.

It is also noted that the existing windows of the front elevation do not have horns and, to accord with the historic and architectural interest of the building and Conservation Area it would be preferable were these omitted. An informative to this effect is attached.

The application is acceptable in relation to the above policies and other material planning considerations.
