OFFICER'S REPORT

Brief Description of the site:

The property known as 'Val d'Orcia' is a pre-1900's, one and a half storey (from the front) and part two and a half storey from the rear, dwelling which is set back from and faces south onto Rue du Dos d'Ane. Rue du Gele runs along the east boundary at a lower level because the land falls from the southwest to the north and east. There are neighbouring properties to the north, at a lower level, and to the west and across the road to the south, at a higher level. To the northwest is a wooded area and a 'cliff' face. The property is located Outside of the Centres and is within a Conservation Area as defined in the Island Development Plan.

Relevant History:

FULL/2022/1442 – Change of use of agricultural land to domestic garden (1,485sqm) – Pending.

Conclusion/Brief comment:

This application is to remove a 1m section of roadside boundary wall and hedge to widen the existing vehicular access from approximately 2.5m to 3.5m and to rebuild the curved wall into the site and plant a new hedge to line the entranceway.

The vehicular opening is on the east side of the southern boundary, an electrical sub-station is situated in the southeast corner of the site, with the vehicular opening to the west. Due to the sub-station, the only way to enlarge the vehicular opening is to the west side.

At present there is a 1.2m high granite boundary wall, which curves in (the same to eastern side of the opening), and then there is a 6.5m long hedge lining the entranceway.

The property has the ability for vehicles to turn around on site and so the widening of the entrance can only improve the highway safety issues by increasing existing sight lines.

The proposed works are not thought to impact on the character of the area, nor will they have any detrimental effects on neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
