OFFICER'S REPORT

Brief Description of the site:

The property known as 'Sunnyside Cottage' is a pre-1900's one and a half storey end of terrace dwelling which is set back slightly from and faces west onto Rue des Monts. The adjoining terrace is to the south and there is a gated entrance track to the north and then a large block of flats. To the west across the road is a school and to the east is a newer housing estate. The property is located in a Main Centre Outer Area and Conservation Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a first floor extension to the rear by changing the roof slope, extending over the existing single storey kitchen to increase the size of the second bedroom.

There is already a first floor window at the rear, and the new one will be slightly bigger and located further north than the existing. There will be limited views into the neighbours garden, but due to the distance and the fact there is already a small amount of overlooking from the existing first floor window, the proposal is not thought to increase the impact in such a way that would warrant a refusal.

The proposals achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new extension is not considered to have a detrimental effect on the special character and appearance of the surrounding conservation area, as the works are all to the rear of the property, leaving the front façade as existing.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
