Conclusion/Brief comment:

Although a letter has been received noting that a native species should be replanted rather than the proposed Eunonymous hedge proposed, given the location of the site and the flexibility afforded to householders through GP13, the application is acceptable. An informative noting the use of native species will however be attached.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
