OFFICER'S REPORT

Brief Description of the site:

The property known as 'La Rosee' is a modern (2010) one and a half storey dwelling which is located on the east side of a large site. The dwelling is set back from and faces south onto Ruelle de Fries, along the west boundary runs Le Douit Boudin, to the north is another detached property and to the east is open land. The property is located Outside of the Centres as defined in the Island Development Plan.

FULL/2021/1450 – Change of use of agricultural land to domestic curtilage (1307sqm) (part-retrospective) – Approved September 2021.

Existing Use(s):

Conclusion/Brief comment:

This application is to erect a pitched roof single storey extension to the west elevation and install a swimming pool to the northwest of the dwelling, erect a single storey flat roof outbuilding to be used as a pool house/plant room and install a pergola to the northeast of the dwelling. The swimming pool is exempt development and so will not be assessed in this report.

The site is completely surrounded by very mature boundaries, to the north, east and south comprising earthbanks/retaining walls with mature hedges on top, in places two thick and plenty of trees, especially to the north. This means there are no views into the site from the road, or from the neighbouring property to the north.

All of the proposals are single storey and achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new proposals are not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will they have any impacts on any of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
