LOCATION: Halvergate, Rue Du Felconte, St. Pierre Du Bois.

APPLICANT: Mr & Mrs N Merrien

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 10/01/2023

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 08/12/2022 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: ArcTECH Freelance Architecture: NM-21-11-3-02A & 03A

Application Ref: FULL/2022/2286

Property Ref: F002510000

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3.The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

Expiry Date: This permission will cease to have effect on 09/01/2026 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law,

2005.

OFFICER'S REPORT

Brief Description of the site:

The property known as 'Halvergate' is a small mid-20th century bungalow which faces north onto Fief la Comte, with a front door and pedestrian access onto the road. Along the south boundary runs Route du Felconte and the vehicular entrance is off this road. There are neighbouring properties to the east and west and across the road to the north (these properties are set at a lower level as the land falls away to the north).

The property is located Outside of the Centres and is within an Agriculture Priority Area as defined in the Island Development Plan.

Relevant History:

FULL/2021/2688 – Extend, raise and alter roof form to create first floor accommodation, extend at ground floor level to south (rear) and west (side) elevation and install external insulating render system
Approved- 02/03/2022

Existing Use(s):

Residential use class 1: dwelling house.

Conclusion/Brief comment:

The scheme raises the existing ridge line by approximately 1m, which is not considered to be excessive when allowing for first floor accommodation. The nearest neighbour would be 1.5m lower, which is considered appropriate. The proposal also introduces two pitched dormers and a rooflight to the front elevation and a single cat-slide dormer to the rear. The rear extension is flat roof which lessens the impact and maintains subservience to the main dwelling. The proposal also includes a new

single storey timber garage which is located to the rear and replaces an existing shed, a new section of fencing and gate.

The proposals are considered to achieve a good standard of design, creating first floor accommodation which is an effective and efficient use of land. The scheme proposes materials which match or complement the existing materials. The extension will provide adequate levels of sunshine and daylight. The property to the north (opposite) sits at a lower level, but is over c.25m away, across the road. In this instance, overlooking is not considered a material consideration due to the distance and the fact it is the front of the neighbouring property and not the private rear amenity space. There are no neighbours to the rear and no side windows proposed.

The scale and massing of the new extension is not considered to have a detrimental effect on the character and amenity of the surrounding area, due to its single storey, flat roof design, and is not considered to have any detrimental impacts on any of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
