Brief Description of the site:

The property known as 'Maison de la Ruche' is a two and a half storey pre-1900's detached dwelling which is set back from and faces north onto Les Baissieres. To the north across the road is a detached dwelling and open agricultural land, to the east is a block of flats, to the south open land and Footes Lane pitches, to the west is a domestic garden and a large detached property beyond. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a 4.3m x 6.1m polytunnel to the west of the dwelling. The area is already used as an allotment for growing vegetables. It is screened by a line of trees to the east (between the proposed polytunnel and the dwelling), a thick leylandii hedge to the north and a larger leylandii hedge to the west.

The thick vegetation does screen the proposed polytunnel from any public vantage points, the proposed location is approximately 18m back from the road.

The proposed polytunnel is not considered to have any detrimental impacts on the character and appearance of the local surrounding area, nor will it have any adverse impacts on neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
