Just to the southeast of the dwelling is a double pitched roof workshop/garage/store, which was included into the domestic curtilage in 2010. The property has neighbouring detached dwellings to the north and east and a water board facility and Rue Perrot to the west. To the south of this former vinery site is open land which is within the Agriculture Priority Area. The property is located Outside of the Centres as defined in the Island Development Plan

Conclusion/Brief comment:

This application is to erect a 4m x 6m timber shed to the north of the existing outbuilding, within the domestic curtilage of the dwelling.

The shed will be located behind the existing outbuilding, shown to remain, which means the shed will not be seen from any public vantage points. Nonetheless, the

shed will not have any detrimental impacts on the character of the area, nor will it impact on neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
