OFFICER'S REPORT

Brief Description of the site:

The property known as 'Bramble Cottage' is a pre-1900's granite faced dwelling which has been extended over the years. The property is set slightly back from and faces south onto Braye du Valle. There is a neighbouring property built along the eastern boundary, an access track to the west leading to an agricultural field to the north, with another detached residential property beyond the track to the west and open land across the road to the south. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

Erect a rear first floor extension over the existing family room to house two additional bedrooms and install a rooflight to the rear roof slope.

The proposals achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new extension is not considered to have a detrimental effect on the character and amenity of the surrounding area as it is located at the rear of the property, nor will it have any impact on either of the immediate neighbours. The neighbour immediately on the eastern boundary faces eastward and so does not have any views onto site, and the neighbour to the east is over 20m away with a high boundary hedge between.

Although hedges cannot be relied upon for screening the distance between the properties is considered more than enough to prevent overlooking.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
