OFFICER'S REPORT

Brief Description of the site:

The property known as 'St Anne' is a two storey detached dwelling with origins from pre-1900. There is now a separate single storey dwelling attached to the northwest elevation, another detached neighbour to the southeast, a vinery to the southwest beyond the garden and other neighbouring properties to the northeast across the road. The property is located in the L'Islet Local Centre as defined in the Island Development Plan.

Conclusion/Brief comment:

This is a retrospective application to regulate the demolition of the previous outbuilding and erection of a single storey outbuilding and pergola midway down the long garden.

The previously existing outbuilding ran along the southeast boundary, since it has been demolished the new pergola and end of the outbuilding are against the south east boundary, with the new outbuilding spanning the width of the garden. It has a central walkway to move from the hard landscaped patio/pergola area through to the grassed area to the rear of the property.

The outbuilding is single storey with no openings looking towards any of the neighbours, the structure is certainly for occasional use, as there are no doors so it is open to the elements.

Once completed the structure is not considered to have any detrimental impacts on either the character of the surrounding area, nor will it impact on any of the immediate neighbours.

However, at present the outbuilding has still not been completed with the rear elevation and the side elevations still requiring render and paint. Completion of the side elevations, facing neighbouring property, will be conditioned to ensure no adverse impacts on those properties.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
