OFFICER'S REPORT

Brief Description of the site:

The property known as 'La Falaise' is an early 20th century dwelling, which was rebuilt in the mid-1990's as a detached bungalow. The property is located off La Moye Lane to the west of the properties which face southeast onto the lane. The driveway is from the south. There are open agricultural fields to the north and west and the cliffs (a site of special significance) to the south across the lane. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to demolish the existing conservatory and erect a single storey flat roof extension linking the dining room with the kitchen on the west elevation with a raised deck to the south and west of the extension, plus another single storey flat roof extension, for a study, on the north elevation. Install a replacement rooflight on

the front east roof slope, and an external insulating render system and some alterations to the fenestration.

The conservatory is of no architectural merit and so its demolition is considered appropriate. The two flat roof extensions are on the side and rear elevations of the property and as such are not considered to have any detrimental impacts on the character and appearance of the surrounding area, nor will they impact on neighbour amenity because the closest neighbour to the west is over 100m away.

The raised patio/decked area is 500mm high, perhaps a little more depending on the ground level, however, it is at the rear of the property and again is unlikely to have any adverse impacts on the character of the area or on neighbour amenity.

The other proposals are all considered to be acceptable. Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
